

Perfect Letter

- Self introduction letter generator -

Team name: Kapstone

이주용

천예원

황지희

Jorge

Motivation

- 1) Overwhelmingly **wide range of topics**

ex. past, goal, education, personality, an experience of overcoming failure, the person who influenced me

- 2) Need to write multiple self-introduction letters in a **short period**
- 3) Each company has **different requirements** for self-introduction letter topics
- 4) Applicants **struggle** to extract lessons from their experiences and **match** them to specific questions given by a company

Self introduction letter questions examples...

- 자신에게 주어졌던 일 중 가장 어려웠던 경험은 무엇이었습니까? 그 일을 하게 된 이유와 그때 느꼈던 감정, 진행하면서 가장 어려웠던 점과 그것을 극복하기 위해 했던 행동과 생각, 결과에 대해 최대한 구체적으로 작성해주시오

(What was the most challenging task that you have done in your life? Write down why you did it, how you felt, what made it challenging, what you did to resolve the problem, and the result of the task)

- 어떠한 일에 가장 크게 몰입해서 “재미있게”했던 경험에 대해 기술하세요.

(Write about an experience that you “enjoyed” the most because of how you were deeply into it)

**Too complicated
and various...**

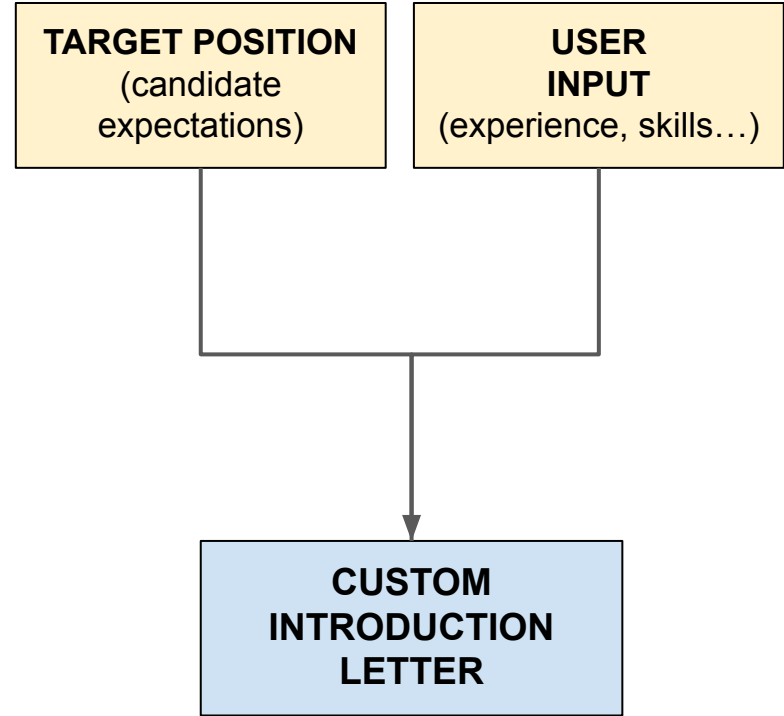

What is it?

AI-based application that uses user experiences and information as input to **generate self-introduction letters** that contain each of keywords in appropriate sections based on the job the user is applying for.

Allow **users** to apply to more jobs efficiently.

Avoid that **companies** discard good candidates due to poor wording.
